	South 25 th Street
	South 28 th Street
	South Central Avenue (Near the Water Tower)
	Club House Drive
	South City Limits/Volusia County line

While the City continues its ongoing efforts to repair access point/dunes crossovers, please remember the following:

- Please utilize dune crossovers only. Do not walk on or across the dunes to prevent further erosion of the dune system. City Ordinance 6-9 prohibits the destruction, harm, molestation,

cutting, harvesting, removal or eradication or cause of destruction of any plant life on the Dune areas within the City, east of Highway A1A.

- To access the beach, please use dune crossovers but use “**Caution**” due to “Temporary Repairs”.

As a reminder, Lifeguards are not scheduled for duty. Swimming and surfing is allowed. By City Ordinance, surfers are not allowed within 150 feet of either side of the Pier.

The Pier will remain closed until further notice. Sections of the Pier will re-opened when it is determined to be structurally safe.

The Pier Bait & Gift Shop is open from 6:00 a.m. to 2:00 p.m. each day. The public bathrooms at the Pier are also open for usage.

Trash cans are in place; please remember to use them. Leave footprints in the sand, not your trash.

We’d like to sincerely thank our residents and visitors for their continued patience as we continue our efforts to repair and re-open beach access point/dune crossover locations within our City. As a City we’re committed to repairing and or replacing all dune crossovers and City Staff continues to work diligently in order to get this task accomplished. When additional beach access point/dune crossovers are re-opened, a Public Service Announcement/Media Release will be issued.
