

*Big Blue allows
Flagler Beach to
positively
impact the
environment
while also
creating a
product that
people can use
and enjoy.*

City of Flagler Beach Recycling Program

Saving the
environment one
glass at a time!

Sanitation Office

386-517-2017

How to Prepare for Recycle Day:

- Separate corrugated cardboard from the blue recycling bin.

- Blue plastic bins are for:
 - Glass (labels included)
 - Aluminum (aluminum cans and bottles)
 - Tin products

Note:

For now, we are not accepting plastic, but we are working on identifying local recycling options.

Citywide Glass Recycling Program

INTRODUCING BIG BLUE

The City of Flagler Beach is excited to introduce our new glass recycling machine nicknamed, "Big Blue." The machine pulverizes residents' recycled glass and creates both glass sand and glass gravel.

RECYCLING IN FLAGLER BEACH

- **Wednesday** is the citywide recycle day.
- Recycling Bins are available to all Flagler Beach residents at no charge. Call 386-517-2017 to arrange delivery.
- Recyclables must be curbside by **7 AM** on Wednesdays and placed within 6 feet of the roadway.

For questions about ordering the recycled glass products, please contact glass@cityofflaglerbeach.com

Let your imagination flow!

Uses for the glass sand and glass gravel:

- Sand bags
- Decorative landscape mulch
- Drainage
- Backfill
- Filtration
- Glassphalt
- Fire pit glass
- Driveways
- City's alleyways
- Kitchen countertops

.....just to name a few!
